28-02-2023

DATE CERTIFIED

19-12-2023

VALID UNTIL

ZER_SENPT_S1_DEC19

PROJECT ID

The certificate does not certify that the concerned client product is completely secure or free from all security vulnerabilities/holes and that there will not be any security breaches concerning any such certified client product. This certificate merely evidences that such client product has passed various universally recognized security checks, which are applied by BreachLock during the program. The application will also be scanned daily using BreachLock cloud platform for commonly known threats.

ORGANIZATION ASSETS TESTED BY BREACHLOCK ARE:
